RE: 6D Global Technologies et al. v. Ware

Case No.: 1:16-CV- 05625

Letter Motion for Adjournment and Extensions of Time

Dear Hon. Judge Engelmayer,

As Your Honor will recall, my law firm represents the Defendant and Third-Party Plaintiff Adam Ware in the above matter. This Letter Motion is being submitted in accordance with Rule 1.E. of Your Honor's Individual Rules and Practices. Mr. Ware respectfully requests that the deadline to "reopen" the action; April 7, 2017 as set forth in the Order of Discontinuance dated March 9, 2017, be extended seven (7) days to April 14, 2017.

The parties regret that it has taken longer to negotiate the terms of the written settlement than originally expected but have been working diligently to finalize the agreement. We expect that the parties will be in a position to execute the agreement early next week. For this reason, the parties request a one week extension in the deadline set forth in Your Honor's Order of Discontinuance. The parties agree and consent to this requested Adjournment and Extension of Time, which is the first application to extend the deadline set forth in Your Honor's Order of Discontinuance.

Thank you for your courtesy and consideration of this matter.

Respectfully submitted,

1 te men
